Acknowledgement

I would like to take this opportunity to thank my college, ATHARVA COLLEGE OF HOTEL MANAGEMENT for giving me this wonderful opportunity to complete my training with TAJ LANDS END. The TAJ HOTELS is one of the most elite and well-known groups in the hospitality industry and I was lucky to be part of it.

The change from the college to working in the hotel was indeed drastic and I learnt about how much dedication and selflessness it takes to work in such a big hotel along with teamwork. I was fortunate enough to train in the 4 major departments of the hotel i.e., Food and Beverage Service, Kitchen (Food Production), Front Office and Housekeeping due to which I got an idea of how important the non-operational department are for the hotel.

I would also like to thank MR. NAKUL MOGHE (Training Manager) for being patient with us and making sure we make the most of our training. They always made time to teach us, listen to any issues and help me throughout our training. I was always treated with respect and dignity and was treated as team member and not as a trainee. Working in the hotel has made me more responsible as a person, has taught me teamwork, has taught me to empathize with guests, has made me confident enough to interact with any kind of guests.

TAJ LANDS ENDS has given me an experience of a lifetime. The Hotel became like second home to me and the staff was so friendly and motivating that I felt like family. It was great working with Taj lands end.

I would like to thank my principal Mr. JOSEPH FUTARDO for having faith in me to work with such an elite organization, MS. POOJA SAVARIYA who helped me with all my difficulties during this tenure.
