Beyond the Campus Activities [2018-19]

Title: Save Trees Save Water international environment day

Date: 05/06/2018

The National Service Scheme (NSS) unit of Atharva College of Hotel Management and Catering Technology (ACHMCT) undertook a meaningful **Save trees Save water drive** at Malad. This initiative aimed to contribute to the Awareness about saving trees and saving water, and instill a sense of responsibility among the participating students.

Activities Conducted:

Orientation and Briefing: The event commenced with an orientation and briefing session where NSS coordinators briefed the participants about the significance of saving trees. Guidelines for saving water were also explained. Participants were organized into teams, each equipped with slogan boards, and other necessary tools. The teams systematically covered designated areas of Malad,

The objectives of saving trees and saving water drive include:

- Conservation of natural resources: Preserving trees and water helps conserve valuable natural resources for current and future generations.
- Environmental protection: Trees play a crucial role in mitigating climate change by absorbing carbon dioxide, while water conservation helps maintain ecosystem balance and biodiversity.
- Sustainable development: Protecting trees and water supports sustainable development practices that balance economic growth with environmental stewardship.
- Water and food security: Preserving water sources and forests ensures continued access to clean water and sustains agricultural productivity, essential for food security.
- Biodiversity conservation: Trees provide habitats for various species, and water conservation helps maintain diverse ecosystems, safeguarding biodiversity.

[Back](#)

- Mitigating natural disasters: Trees help prevent soil erosion and landslides, while adequate water management can mitigate the impacts of droughts and floods, reducing the risk of natural disasters.
- Public health benefits: Trees and water conservation contribute to improved air quality, reduced pollution, and enhanced overall well-being for communities.
- Education and awareness: Promoting the importance of tree and water conservation through education and awareness campaigns fosters environmental stewardship and encourages sustainable behavior among individuals and communities.

Conclusion:

In conclusion, the "Save Trees, Save Water" drive embodies a critical initiative towards environmental sustainability and global well-being. By advocating for the preservation of trees and the conscientious management of water resources, this movement fosters a holistic approach to addressing pressing ecological challenges.

Through concerted efforts to conserve trees and water, we aim to safeguard invaluable natural resources, mitigate the adverse impacts of climate change, and promote sustainable development practices. By prioritizing biodiversity conservation, enhancing water and food security, and mitigating natural disasters, we strive to create resilient ecosystems that support life in all its forms.

Moreover, the "Save Trees, Save Water" drive underscores the interconnectedness of environmental, social, and economic realms. By recognizing the intrinsic value of trees and water, we not only protect our planet's ecological balance but also ensure the health and prosperity of present and future generations.

In essence, the success of the "Save Trees, Save Water" drive hinges on collective action, public awareness, and policy advocacy. By embracing the principles of conservation, stewardship, and sustainability, we can forge a path towards a more resilient, equitable, and thriving planet for all. Let us continue to champion these efforts and work together towards a brighter, greener future.

Beyond the Campus Activities [2019-20]

Title: NSS Beach Cleaning Activity at Marve Beach - Report

Date: 10/06/2019

The National Service Scheme (NSS) unit of Atharva College of Hotel Management and Catering Technology (ACHMCT) undertook a meaningful beach cleaning activity at Marve Beach. This initiative aimed to contribute to environmental conservation, raise awareness about the importance of keeping beaches clean, and instil a sense of responsibility among the participating students.

Activities Conducted:

Orientation and Briefing: The event commenced with an orientation and briefing session where NSS coordinators briefed the participants about the significance of beach cleaning and the impact of marine pollution. Safety measures and guidelines for waste disposal were also explained. Participants were organized into teams, each equipped with gloves, trash bags, and other necessary tools. The teams systematically covered designated areas of Marve Beach, collecting litter and waste along the shoreline.

Emphasizing the importance of responsible waste management, participants segregated collected waste into recyclable and non-recyclable categories. The NSS unit actively engaged with the local community, including beach vendors and visitors, to raise awareness about the ongoing beach cleaning activity. Informational pamphlets were distributed to promote a sense of shared responsibility for maintaining a clean environment.

Cleaner Beach Environment: The concerted efforts of NSS volunteers resulted in a visibly cleaner and more aesthetically pleasing Marve Beach. The removal of litter contributed to a healthier coastal ecosystem. The beach cleaning activity instilled a sense of responsibility and environmental stewardship among NSS participants. The hands-on experience encouraged a proactive approach toward maintaining cleanliness in public spaces.

Conclusion: The NSS beach cleaning activity at Marve Beach, undertaken by Atharva College of Hotel Management and Catering Technology, exemplifies the institution's commitment to community service and environmental conservation. The successful event not only resulted in a cleaner beach but also contributed to the education and awareness of participants and the local community. Such initiatives align with the broader goals of NSS and promote a sense of civic responsibility among the student body.

Title: NSS Railway Station Cleaning and Wall Painting Initiative - Report

Date: 11/09/2020

The National Service Scheme (NSS) unit of Atharva College of Hotel Management and Catering Technology (ACHMCT) undertook a transformative community service project at Malad Railway Station. This initiative involved the cleaning of the railway station premises and an artistic enhancement through wall painting. The event took place on [Date].

The NSS coordinators conducted thorough planning and coordination with railway authorities to ensure a systematic and safe execution of the cleaning and wall painting activities at Malad Railway Station. NSS volunteers actively participated in cleaning and sanitizing various areas of the railway station, including platforms, waiting areas, and surrounding spaces. The focus was on the removal of litter, dirt, and ensuring a hygienic environment for commuters.

A dedicated team of NSS volunteers engaged in artistic endeavors by painting vibrant and visually appealing murals on designated walls at the railway station. The themes were carefully chosen to reflect positive messages, cultural diversity, and community spirit.

Community Engagement: The NSS unit actively engaged with railway station staff, commuters, and local residents to create awareness about the importance of cleanliness and the transformative impact of the initiative. Pamphlets were distributed to convey the message effectively.

Post-Clean up Inspection: After the cleaning and wall painting activities were completed, a thorough inspection was conducted to ensure that all areas were properly cleaned and that the wall paintings met the quality standards set by the NSS team.

Outcome: Transformed Railway Station Environment:

The collective efforts of NSS volunteers resulted in a visibly transformed and cleaner Malad Railway Station. The initiative aimed to create a more pleasant and welcoming environment for commuters.

Artistic Beautification: The wall painting project added a touch of creativity to the railway station, enhancing its visual appeal. The colorful murals not only served an aesthetic purpose but also conveyed positive messages to those passing through the station.

Community Awareness: Through community engagement activities, the NSS unit successfully raised awareness about the importance of cleanliness and community participation in maintaining public spaces. Commuters and local residents were actively involved in the initiative.

Title: New Year Celebration with Senior Citizens - St. Joseph Convent, Goregaon East

Date: December 31, 2020

Introduction: Atharva College of Hotel Management and Catering Technology (ACHMCT) organized a heartwarming New Year celebration at St. Joseph Convent, SSC Bhavan, Mohan Gokale Road, Goregaon East, Mumbai. This event, held on December 31, 2019, aimed to spread joy and camaraderie among the elderly residents of St. Joseph Convent. Both students and teaching faculty actively participated in making the occasion memorable for the senior citizens.

Activities Conducted: Welcoming the New Year: The celebration began with a warm welcome to the New Year. Students and faculty engaged with the elderly residents, sharing festive greetings and good wishes for the upcoming year.

Cultural Performances: Students showcased their talents through cultural performances, including songs, dances, and skits. The performances were tailored to bring smiles to the faces of the senior citizens, fostering a lively and joyful atmosphere.

Interactive Sessions: Interactive sessions were organized to encourage conversations between the students, faculty, and the elderly residents. This provided an opportunity for everyone to share stories, experiences, and laughter, promoting a sense of companionship.

New Year Decorations: The venue was adorned with festive New Year decorations to create a celebratory ambiance. Students and faculty actively participated in setting up decorations, enhancing the overall festive atmosphere.

Gift Distribution: As a token of love and appreciation, students and faculty distributed gifts to the senior citizens. The thoughtful gifts were carefully chosen to bring comfort and joy to the residents.

Refreshments and Feast: A special feast and refreshments were organized for everyone to enjoy. The celebration included a variety of delicious food items, adding to the festive spirit of the occasion.

Outcome: Joyful Celebration: The New Year celebration at St. Joseph Convent brought immense joy to the elderly residents. The cultural performances, interactive sessions, and festive atmosphere created a memorable experience for everyone present.

Beyond the Campus Activities [2020-21]

Title: Dental Check

Date: 05/07/2021

A dental check-up is an important part of maintaining good oral health, and there are many different oral health and cosmetic complications that a dentist can detect on a routine visit. Dental cleanings are essential for maintaining optimal oral health and function. During these visits, a dental hygienist will clean, polish and floss your teeth to remove hardened plaque, tartar and bacteria. When combined with diligent brushing and flossing at home, dental cleanings help achieve and maintain healthy teeth and gums. It is encouraged that you visit the dentist for a dental check-up once every four to six months.

Title: Eye Check Senior Citizens

Date: 11/10/2021

Although generally regarded as a yearly event, when and how often a person should have their eyes examined depends on factors such as age, general health, risk of eye disease, and other factors. "A baseline screening can help identify signs of eye disease at an early stage when many treatments can have the greatest impact on preserving vision," the organization states. You may need to have your eyes checked more often if you wear glasses and/or contact lenses, have a family history of eye disease, or have a chronic condition such as diabetes that increases your risk of eye problems. Organised Eye check using and free spectacle distribution camp at Borivali, Gorai for local residents.
