

THE CELLAR DIARIES

This Taj hotel has a dedicated pet park

The new addition enhances the resort's pet-friendly offerings, allowing guests to travel and holiday with their pets in comfort. Located within the resort's cottage-lined landscape, the Pet Park is an enclosed green space where pets can run, play, and socialise. The area includes shaded spots, grassy patches, and agility-friendly elements, allowing pets to stay active while owners relax nearby. The resort also offers pet-friendly amenities including a dedicated pet menu with vet-approved meals and treats. Additional facilities such as pet bedding, feeding bowls, and access to outdoor pathways are provided to support guests travelling with pets. The addition of the Pet Park allows guests to spend time with their pets throughout their stay, with open spaces for play, walks, and relaxation within the resort. It reflects the growing demand for pet-friendly travel experiences in hospitality.

Luxuria by Moustache Group enters Ranthambore

-Luxuria by Moustache Group has announced the launch of Jangalat, a new luxury jungle resort in Ranthambore, Rajasthan. Jangalat is designed as a low-density, private retreat focused on open spaces and thoughtful planning. The layout preserves the natural character of the land while offering an immersive luxury experience connected to nature. With limited premium supply in Ranthambore, the resort aims to meet the growing demand for exclusive, experience-led stays.

Brewing heritage – P•TAL reimagines the South Indian filter coffee ritual

South Indian filter coffee is more than a drink; it's a ritual, a pause in the day, and a shared cultural experience. Inspired by this heritage, P•TAL presents the Davara Filter Coffee Set, a contemporary reinterpretation of the iconic davara-tumbler ensemble, designed to bring the art of South Indian coffee into modern homes.

Craft and Contemporary Design

The P•TAL Davara Set honors this tradition while introducing thoughtful design refinements. The hammered brass surfaces reflect the craft of traditional thatheras, while the tumbler and davara's shapes are engineered for the smooth back-and-forth pour that creates the signature froth.

Boondi mixing brunch brings Holi celebrations alive at Bengaluru Marriott Hotel Whitefield

The afternoon centred around an interactive boondi mixing ritual organised by Executive Chef Gaurav Paul and the culinary team. Guests participated in creating traditional laddoos by combining freshly prepared pearl-sized boondi with ghee, cardamom, saffron strands, and roasted nuts. In a playful festive twist, colourful sugar syrup was added using pichkaris before the mixture was shaped into laddoos. The hands-on activity transformed a classic sweet into a collective experience, engaging both local and international guests.

Global Career Pathways: International Placement Session for the Middle East

Atharva University recently organized an informative session on International Placements in the Middle East for TY students, aiming to broaden their career horizons and introduce them to global employment opportunities. The session focused on emerging job markets in Middle Eastern countries, industry requirements, eligibility criteria, salary structures, and cultural expectations. Students were guided on how to prepare professionally, enhance their skill sets, and align themselves with international standards to increase their employability abroad.

The speakers also highlighted the growing demand for skilled professionals in sectors such as hospitality, hotel management, culinary arts, and service industries across the Middle East. Practical insights were shared regarding visa processes, documentation, interview preparation, and workplace ethics. The session proved to be highly beneficial, motivating students to explore international career opportunities with confidence and a global perspective.
